| 2/4/2015   | 9:57:00 AM  | Old Antlers Way        | Chad       | Vehicle/Traffic     | Traffic Accident    |
| RP informed me that three vehicles had gone off the above road. I responded and I found one vehicle was on the side of the road due to mechanical problems. A second and third vehicle had lost control on the icy roads trying to avoid the first vehicle and were stuck in the ditch. One of the vehicles had damage so I contacted State Patrol. While waiting, a tow truck arrived to pick up the first vehicle as I directed traffic. As I was letting a blue truck pass, a gold SUV came down the hill at a high rate of speed and when the driver saw the blue truck in the road the driver hit her brakes and lost control on the ice. The gold SUV hit the blue truck and also one of the vehicles in the ditch. This vehicle was then pushed in the direction of myself and the owners of the vehicle and had to move out of the way to avoid being hit. I checked and made sure no one was hurt and called 911 to request TLF due to vehicle fluid in the road. I also requested an additional unit for traffic control. Once State Patrol arrived on scene I stopped all traffic from going West until all vehicles could be cleared from the road. CF |             |                        |            |                     |                     |

| RP from the above address called WIA stating that someone had gone off the road and hit a utility box. I responded and found that an under ground box with large cable had been hit and the lid was knocked out of place. I could not determine who owns the utility box. Due to the snow in the area it appeared that this incident may have happened previously. I contacted several utility companies so they could check if the box is theirs. CF  |             |                        |            |                     |                     |

| While on patrol, I found a large black trash bag full of garbage lying in the middle of the road with several other pieces of debris thrown about in the street. I secured the bag and picked up the remaining trash and threw it in the WIA dumpster. JG  |             |                        |            |                     |                     |
| 2/6/2015   | 9:54:00 AM  | Doewood Drive          | Kevin      | Suspicious Activity | Suspicious Vehicle  |
| While in the area I observed a silver Honda Civic occupied by 2 Hispanic parties driving slow and appeared to be lost. I turned around and when I approached they did another u-turn and headed the other way. I went around on Fawnwood and when I approached Doewood Drive they then did another u-turn and sped off heading west on Woodmoor Drive. I never got close enough to see the license plate number. | While on patrol I observed a large "Car Carrier" parked on the above street. As I approached the vehicle left the area. Appx 10 min later I found the same vehicle on Lake Woodmoor Drive blocking one lane. The truck had on vehicle on the rack above the cab and another one on the flatbed and also pulling a box trailer. I contacted the driver and asked if he was lost. At that time he stated "I'll be honest I'm trying to get to the interstate without going thru the port" I advised him "wrong answer", gave directions to the interstate and also told him he must go thru the port and I would follow to ensure he went to the port. He stopped at the traffic light on Woodmoor Drive and Hwy 105 and exited his vehicle. I approached and observed him tying the tongue of the trailer to the back of the truck with a ratchet strap. I told him that was extremely dangerous and he shouldn't be on the road with that. He then got back in the truck and proceeded to the on ramp of I-25 Northbound. I called State Patrol dispatch to let them know what I had discovered and he said he would notify the port of entry. I then responded to the port of entry. The port operator had been notified by CSP and I stood by while he talked to the driver. He also notified a supervisor to conduct a vehicle inspection. Statement given to the port operator. | While in the area of North Sherwood Glen, I encountered a juvenile male, later identified as PID 4958, walking down the street. I contacted PID 4958 who stated he was 15 years old and was just out for a walk. He also said his dad knew he was out and that he lived just down the street on Furrow Road, but he didn't know the house number since they recently moved here. I took him to the above address and had him call his father to meet us at the front door. The father identified his son and I explained the juvenile anti-loitering law and the father apologized and said that he would make sure his son wasn't out past curfew again.
