While checking the Church of Woodmoor, I heard a crash at Hwy 105 and Furrow Road. When I arrived, I made sure everyone was ok and asked if they called 911 and they stated they had. I let them sit in my unit to keep warm until State Patrol arrived. Trooper arrived on scene, conducted an investigation, administered road side sobriety test for the male driver which was arrested for suspicion of DUI.

RP stopped at the WPS office to say there was a white teenage male in the field east of The Cove apartments who was acting 'strange'. He stated that the teen took his shirt off and waved it over his head at the RP who was in The Cove parking lot. He waved back and then the teen started running toward him. The RP got in his truck and drove immediately to the WPS office. Upon arrival in the area I conducted a check of surrounding areas and streets and I was unable to locate anyone in the area.

RP, PID 5576, called to report that he was walking his dogs on leash in Woodmoor Meadows common area and they were accosted by two loose black dogs. He checked his dogs and one had a small scratch on it's belly, but they were otherwise unharmed. PID 5577, a witness to the incident, called and left a message. Upon my arrival in the area, PID 5577 called and directed me to where the dogs were. I was eventually able to secure the dogs but was unable to contact the owner after several attempts. I contacted the Humane Society to respond. At appx. 1300 hours, the owners of the dogs, PID 5578 and her husband arrived at my location and took custody of the dogs. Humane Society was informed and provided with the owners contact information. PID 5576 states that he was not going to press charges against PID 5578 and would treat this as a non-incident as long as they could prove the dogs were vaccinated. PID 5578 was issued a violation notice for allowing the dogs to run loose.
