7/28/2018	2:15:00 AM	Highway 105	Justin	Vehicle/Traffic	Traffic Accident
At approx. 0209, I received a call from EPSO dispatch requesting assistance at HWY 105 and Winding Meadow Way for a multiple car accident. Upon arrival, I was directed to post my vehicle in the West bound lane facing East to stop oncoming traffic. I had my vehicle positioned canted across the lane of travel with my overhead emergency lights activated. I was out of the vehicle with reflective vest, flashlight, and stop sign. At approx. 0237 hours, PID 5683 driving VID 2738, ignored my lights and instructions to stop and slammed into my vehicle at a high rate of speed. VID 2738 then continued on until coming to a stop in the East bound lane by crashing into the ditch. Once I realized that the vehicle was not going to stop, I evacuated the area, getting myself out of danger. I ran over to the vehicle and checked on the occupants making sure they were Ok. The driver (PID 5683) became irate with me saying "What the f*** is your problem!" I instructed the driver and passenger to stay in the vehicle. EPSO and CSP sped to the area blocking further traffic from encroaching. EPSO Deputy conducted a field sobriety test on PID 5683, which he failed. PID 5683 was taken into custody by EPSO for suspicion of DUI. I remained in the area assisting with traffic control until my vehicle was towed back to the WPS office. I notified 5W41 of the incident and he came to assist in getting the vehicle secured in the garage and notifications sent.
