Woodmoor Public Safety Dispatch Summary

From 08/01/19 To 08/31/19

RP reports that his daughter informed him that someone just came onto the back deck and banged on the glass of the rear door attempting to get in. He also stated that they said a little earlier someone in a truck (of unknown description) pulled into the driveway for a minute then left. Myself and 5W50 responded and conducted a check of the exterior of the house and yard. Everything appeared to be normal and no signs of attempted forced entry were seen. Advised RP and his daughters of our findings. Ensured the daughters have our cell number and advised them to contact WPS directly if they have any future issues such a this.
