| RP states of a barking dog on the deck at the above address. I responded and staged on Furrow Road. I could hear a dog barking off and on but never saw the dog. I staged on Glen Hollow Cr. And again could hear a dog bark occasionally but then it stopped. I then staged on Kings Deer Pt and the dog did not bark again. BWC available.  |             |                     |            |                  |                             |
