

## Woodmoor Public Safety Dispatch Summary

From 05/01/24

To 05/31/24

Date	Arrive	Location:	OfficerID:	Category	Nature			
5/1/2024	4:52:00 AM	Caribou Drive West	Geoff	Alarm	Alarm			
ADT reported a m	ADT reported a motion alarm going off at the residence. I responded, the RP stated she had the alarm system looked at last week. I advised her that it still is false reporting.							
5/1/2024	9:29:00 PM	Melinda Lane	Karl	Assist	Assist Other Agency-Medical			
Assisted on a medical call.								
5/2/2024	3:20:00 AM	Indian Summer Lane	Chris	Assist	Citizen Assist			

RP, PID 6638 called and states her daughters car had broken down on Woodmoor Drive and requested me to jump start the vehicle. I responded and contacted her daughter and son in law. The son in law hooked up the jumper cables and VID 3419 started. As soon as the son in law turned on his lights the vehicle died. The RP then requested me to go to her house at the above address and jump start her vehicle, VID 3420 so she could pick up her daughter. We responded and tried to jump start her vehicle unsuccessfully. I then transported her and her daughter to her sons house on Woodmoor Drive so they could use his truck to tow the vehicle back to the RP's house. They borrowed our tow strap and towed VID 3419 to the RPs house. I followed behind with my hazards on until they safely arrived at the residence . BWC Available.

Supplement: Kristen Fox the RP, called and informed me her daughters vehicle broke down on the corner of Woodmoor Drive and White Fawn and believes she needed a jump start. The vehicle was located further east on Woodmoor Drive on the corner of Top O' the Moor E. This vehicle, VID 3419 is a white Toyota Sequoia. I pulled up behind the vehicle and a Caucasian male came over to talk to me. He appeared to be the daughters spouse and I informed him I needed them to sign a liability form. He gave the form to the RP's daughter to fill out. I pulled my vehicle around to the front of the Sequoia where the male party retrieved his jumper cables and hooked up to both vehicles. The vehicle started but once he turned on the headlights the vehicle stalled. The RP's daughter then asked me to take her to her moms house (RP PID 6638, Kristen Fox) at 19435 Indian Summer Lane to attempt to jump start her vehicle. We arrived at her house and the RP Kristen Fox was already outside next to her vehicle. I explained I needed her to fill out a waiver of liability form which she did as I retrieved our jumper cables. I hooked up both cables, red to positive and black to negative on both vehicles (positive is left side on Equinox, right side on Infinity). There was no response from the Infinity. The RP, Kristen Fox (and vehicle owner) then claimed the cables were reversed so I unhooked them from her vehicle and switched them around. There was a spark when I placed the black on positive. I realized she was wrong and I switched the cables back to red on positive and black on negative. Her vehicle showed signs of receiving power as dash lights, dome light, and tail lights came on. However vehicle still would not start. I looked at the paper work and realized that when the daughter had filled out her liability form (on the Sequoia) she had forgot to date it and I gave it to her to date. Once we realized the infinity was not going to start the RP asked me if I could give her and her daughter a ride to her sons Lake Woodmoor town house on Woodmoor Drive. I agreed and I transported Kristen and her daughter to her son's house. On our way we stopped next to where the son in law was as he stayed with the Sequoia and advised him what we were doing. I dropped Kristen and her daughter off at her son's house. I then responded back to where the son in law was with the Sequoia. He asked if we could try to jump start it again, did not start. The son in law asked if he could use our tow strap so they could tow the Seguoia to the RP's house with their truck. Het them borrow the tow strap and followed them to the address on Indian Summer. We arrived without incident.

5/2/2024 8:37:00 AM South Park Drive Art Animal Complaint Barking Dog - Unfounded

RP, PID 6637 reports a barking dog coming from the backyard area of South Park Drive. I responded and staged at the RP's driveway and did not hear any barking. I proceed to South Park Drive listening from the street for any barking dogs and no barking was heard. I also checked the residence directly behind the RP's residence. BWC used.

5/2/2024 8:47:00 AM Doewood Drive Chad Vehicle/Traffic Parking Complaint

RP stated that the people going to the estate sale are using her half circle driveway to turn around. I deployed 5 cones to block the two entrances to her driveway. Cones picked up 05/06/24 KN
